

The 35th Hong Kong Special Administrative Region Outstanding Students Selection

Organised by **Junior Chamber International Yuen Long** & Co-Organised by
Hong Kong Special Administrative Region Outstanding Students' Union

Note to Applicant

Introduction

Introduced by JCI Yuen Long in 1988 and now organised with Hong Kong Special Administrative Region Outstanding Students' Union, The Hong Kong Special Administrative Region Outstanding Students Award is one of the most long-standing and renowned recognitions for secondary school students in Hong Kong. The Selection aims to encourage secondary school students to utilise their potentials and strive to be all round, by awarding participants with outstanding qualities in academic performance, extra-curricular activities, community services, leadership and self-awareness. The finalists and awardees will be entitled to join Hong Kong Special Administrative Region Outstanding Students' Union (HKSAROSU), a platform for them to further realise their ambition and contribute to society.

About the 35th HKSAR Outstanding Students Selection/有關第三十五屆香港特別行政區傑出學生選舉:

The main purpose of “Outstanding Students Selection” is to equip and develop the young generation of leaders. Through the selection and various activities, we hope to awaken students' concern for society and inspire them to actively participate in the work of improving the community. In addition to academic performance, the “Outstanding Students Selection” selection criteria also include character, talent, civic awareness and community service, in order to encourage students to pursue excellence in fields other than academics. The annual election theme not only arouses students' concern and discussion on society, but also improves their civic awareness. Past themes include social mobility, innovation and legacy, active citizenship, youth resilience, etc.

The theme of this year's selection is "Innovation and Technology Navigator". In recent years, the government has vigorously promoted the development of creative technology in Hong Kong. As the masters of the future of society, how can students participate in the planning of the future society? Looking at the world, how should young people in Hong Kong equip themselves to stand out and lead the development of the world? We hope that this election will enable students to understand the challenges and opportunities of the innovation and technology industry, and encourage them to jump out of the frame and draw a blueprint for the new generation of innovation and technology, which will serve as a navigation for the future society. Through this election, we hope to understand students' thoughts and expectations for the future of Hong Kong, encourage students to look at things from an objective perspective, be brave in innovation, and communicate with each other to achieve harmony but difference, and select the new "Hong Kong Special Administrative Region Outstanding Student Selection" Top Ten Outstanding Students.

「傑生選舉」的主要目的是裝備和培養年輕一代的領導者。通過選拔和各項活動，我們希望喚醒學生對社會的關注，啟發他們積極參與改善社區的工作。除了學業成績外，「傑生選舉」的評選準則還包括品格、才能、公民意識和社會服務等，務求鼓勵學生在學術以外的領域追求卓越。每年的選舉主題不但引起學生對社會的關注和討論，也提高了他們的公民意識。以往主題包括社會流動性、創新和承傳、積極公民、年青人抗逆力等。

本年度選舉主題為「創科導航」。近年政府大力推動香港的創意科技發展，作為社會未來的主人，學生可以如何參與未來社會的規劃？放眼世界，香港青年人該如何裝備自己，脫穎而出，引領世界發展？我們期望本屆選舉能讓學生認識創新科技界的挑戰和機遇，鼓勵他們跳出框架，繪畫出新世代的創科藍圖，作未來社會的導航。藉著本屆選舉，我們希望了解學生對香港未來的想法及期盼，鼓勵學生以客觀的眼光看待事物，勇於創新，互相交流而達到和而不同，並評選出新一屆「香港特別行政區傑出學生選舉」十大傑出學生。

2A. Compulsory (Choose One) / 必答題 (二選一)

Please write an essay in response to one of the following two topics, either in Chinese or English, with no more than 1000 words. (Soft copy should be available to the organiser upon request.)

Please write on separate pieces of paper with **name of applicant, name of school and topic number** clearly stated.

請以中文或英文撰寫下列其中一條題目，文章字數不得多於一千字。

(參加者請先行備份文章之電腦檔案，日後或須向大會提供。)

請另外加頁書寫，並清楚列明參加者姓名、就讀學校及作文題號。

Topic One / 題目一

1. 為實現成為國際創新科技中心的願景，近年香港政府積極推動創新科技產業發展。除了加強地區之間的合作、引入海外科技專才、讓科研成果商品化以外，更於中小學大力推廣創科相關的教育，以培育本地創科人才。試就課程設計及政府資源配套兩方面，分析現時中學創科教育的成效，並提出改善建議。

Charting Hong Kong's progress in moving full steam towards the vision of an international innovation and technology centre, the government has been promoting the development of the industry. Aside from strengthening regional cooperation, recruiting foreign talent and scholars, and commercialising technological innovations, the government is promoting innovation and technology education in schools in the hopes of developing local talents. In regard to the current curriculum and government support, analyse the effectiveness of the innovation and technology education in Hong Kong and provide recommendations on ineffective practices.

Topic Two/ 題目二

2. 香港創新科技及發展局於 2015 年成立，致力推動香港成為國際創新科技中心。綜觀亞洲，不少人指出香港的創新科技產業發展落後於鄰近城市。你認為有甚麼因素推動了它們成為全球頂尖的創科城市？香港又能否參考它們的創科成功之道？請選擇一個亞洲城市並加以分析。

The Innovation and Technology Bureau (ITB) was established in 2015 with the aim of making Hong Kong a world-class innovation and technology hub. Comparing Hong Kong with other Asian cities, many have noted that Hong Kong is still lacking in terms of development in innovation and technology industries. What do you think are the factors that have enabled these regions to thrive in developing innovation and technology on a global scale? Are these recipes for success relevant to and referenceable for Hong Kong? Please select one Asian city and conduct analysis in this regard.

2B. Optional / 選答題

(Compete for Extra Prizes: Innovative Science Thesis Prize) (競逐額外獎: 創科論文獎)

Please write an essay in response to the following topic, either in Chinese or English, with no more than 2000 words. (Soft copy should be available to the organiser upon request.)

Please write on separate pieces of paper with **name of applicant, name of school and topic number** clearly stated.

請以中文或英文撰寫下列題目，文章字數不得多於二千字。

(參加者請先行備份文章之電腦檔案，日後或須向大會提供。)

請另外加頁書寫，並清楚列明參加者姓名、就讀學校及作文題號。

1. ChatGPT 是由一間美國公司開發的人工智能聊天機器人，它除了具備與人透過自然對話溝通的能力，也具有編寫電腦程式、生成文本、作資料摘要的能力。ChatGPT 的推出必會為教育界帶來衝擊：有本地大學選擇全面禁止使用有關科技，亦有外國政府積極研究如何應用有關科技於學與教中。試參考以上兩種對 ChatGPT 的取態，闡述教育界中不同持份者對有關科技的觀點，並就你個人見解，論證有關科技可以如何融入教育中。

ChatGPT is an artificial intelligence chatbot launched by an American technology company, with abilities ranging from natural language communication, computer program writing, and debugging to text generation and summarisation. It is expected that its launch would create huge impacts in the education sector. Some local universities have strictly forbidden its usage, while some governments are proactively developing methods to incorporate it into the teaching and learning process. With reference to the two conflicting attitudes above, outline the viewpoints held by various stakeholders in the education sector. In addition, using your own knowledge, explain how the related technologies could be incorporated into education.
